

DXN COFFEE

Improving blood circulation

Deacidification of the organism

Prevention of civilization diseases

**Your morning cup of coffee
can become your secret weapon
against disease**

What makes this coffee really so special:

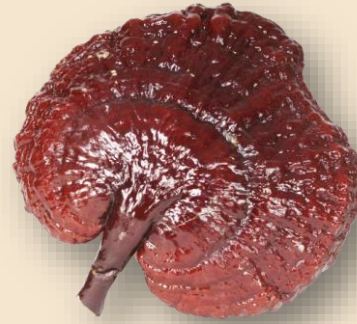

DXN healthy coffee is a unique combination of 100% Arabica coffee and extract of Certified Organic Ganoderma mushroom.

For thousands of years Ganoderma is considered by the Chinese „**the king of herbs**“ and „**The mushroom of the gods.**“

It is recognized by modern science as the most powerful food with unique beneficial and balancing properties for the human body, as it contains about 400 nutrients.

What makes this coffee really so special:

The „mushroom of the goods“, among other things, strengthens very much the immune system, the liver function, kidneys and helps in treating

- serious diseases
- cell oxidation
- cholesterol
- hypertension
- hypotension
- diabetes
- insomnia
- male sexual impotence
- arthritis
- constipation
- menopause etc...

Ganoderma also contributes in cell regeneration and skin health and beauty.
